SEED ANNUAL
for 1929

In presenting this, our fifteenth annual Seed List, we
wish to express our thanks to all our customers for the
confidence and patronage we have received, and we
trust you will continue to send your orders this way. We
aim to have only the very best and most reliable seeds which
it is possible to get, and we import a large part of our seeds
from the best growers in Denmark and other European
countries. We realize that a Gardener or Florist cannot be
too careful in the selection of the seeds he is using and there¬
fore we are very cautious in getting the seeds from the best
sources we know of.

We do not treat any seeds unless asked for as such seeds
are not allowed to be sent by parcel post, but we recommend
the buying of either Semesan or Uspulun and treat the seeds
on your own premises before seeding.

Any orders you may send us will receive our most care¬
ful attention.

Respectfully yours,
DANISH SEED IMPORT,
Chris Mosberg.
